

Math 70 - Quiz # 3

Name Key

Graph the system of inequalities to solve the system

② $y = -2$

below line

① $y < -\frac{1}{2}x + 4$ $m = -\frac{1}{2} = \frac{-1}{2} = \frac{1 \text{ down}}{2 \text{ right}}$

② $y > -2$ - horizontal line

↑
above line
